Hi Shirley

In conjunction with the popcorn project, we have been discussing methods with Jim Montealegre of ConAgra (a leading microwave popcorn manufacturer) and his contractor. They are ready to start testing and would like our input on their methods. We will make it clear we are not providing EPA approval or "validation" of their methods, only informal observations on how they may compare with our methods. We tentatively have the date of 25 Feb set for a meeting.

Thoughts? Jacky and I will be meeting with Bob (in his office) at 1:30 tomorrow (Wed. 28 Jan) to discuss this.

Thanks

Ken Krebs

Hi Jacky,

I'd like to confirm Wednesday, February 25th at 1PM in your offices in Raleigh. I will be bringing Kurt Heikkila and Roger Worm from Aspen Research. The agenda for our meeting will be to show you our test methods, initial results, and ask for your validation after review.

We look forward to seeing you

Thanks

Jim Montealegre

Hi Jim-

After checking with Ken, either the 23rd or the 25th would be good.

Jacky
