AN ACT relating to: state finances, collective bargaining for public employees, compensation and fringe benefits of public employees, the state civil service system, the Medical Assistance program, sale of certain facilities, granting bonding authority, and making an appropriation.

Analysis by the Legislative Reference Bureau

COLLECTIVE BARGAINING

Under current law, municipal employees have the right to collectively bargain over wages, hours, and conditions of employment under the Municipal Employment Relations Act (MERA), and state employees have the right to collectively bargain over wages, hours, and conditions of employment under the State Employment Labor Relations Act (SELRA). This bill changes MERA and SELRA with respect to all employees except employees who are certain protective occupation participants under the Wisconsin Retirement System or under a county or city retirement system (public safety employees). This bill limits the right to collectively bargain for all employees who are not public safety employees (general employees) to the subject of base wages. In addition, unless a referendum authorizes a greater increase, any general employee who is part of a collective bargaining unit is limited to bargaining over a percentage of total base wages increase that is no greater than the percentage change in the consumer price index. This bill also prohibits municipal employers from collectively bargaining with municipal general employees in matters that are not permitted under MERA.
Under SELRA and MERA, a collective bargaining unit elects a labor organization as its representative once a majority of the employees in that collective bargaining unit who are actually voting votes for that labor organization; that labor organization remains the representative unless a percentage of members of the collective bargaining unit supports a petition for a new election and subsequently votes to decertify the representative. This bill requires an annual certification election of the labor organization that represents each collective bargaining unit containing general employees. If, at the election, less than 51 percent of the actual employees in the collective bargaining unit vote for a representative, then, at the expiration of the current collective bargaining agreement, the current representative is decertified and the members of the collective bargaining unit are nonrepresented and may not be represented for one year. This bill requires an initial certification election for all represented state and municipal general employees in April 2011.

Currently, except for an initial collective bargaining agreement, the terms of collective bargaining agreements are generally two years for state and municipal employees, and current law does not prohibit collective bargaining agreements from being extended. This bill limits the term for general employees to one year and prohibits the extension of collective bargaining agreements.

Current law provides that state and municipal employees who are represented by a labor organization have the organization dues deducted from their salaries. Except for salary deductions for public safety employees, this bill prohibits the salary deductions for labor organization dues. This bill also allows a general employee to refrain from paying dues and remain a member of a collective bargaining unit.

Under current law, University of Wisconsin (UW) System employees, employees of the UW Hospitals and Clinics Authority, and certain home care and child care providers have the right to collectively bargain over wages, hours, and conditions of employment. This bill eliminates the rights of these employees to collectively bargain.

PUBLIC SECTOR RETIREMENT SYSTEMS

Currently, employer and employee required contributions, and the earnings on these contributions, fund the cost of providing retirement annuities to all public employees who are covered under the Wisconsin Retirement System (WRS). Employer required and employee required contribution rates are set on an annual basis. This bill provides that the employee required contribution rate for general participating employees and for elected and executive participating employees must equal one-half of all actuarially required contributions, as determined by the Employee Trust Funds Board. For protective occupation employees, the bill provides that the employee required contribution rate must equal the percentage of earnings paid by general participating employees.

Current law also requires the employer to pay all of the employer required contributions, but permits the employer to also pay all or part of the employee required contributions. This bill provides that an employer may not pay any of the employee required contributions under the WRS or under an employee retirement system of a first class city or a county having a population of 500,000 or more.
Currently, when a WRS participant terminates employment and becomes eligible for a retirement annuity, assuming the participant does not receive a money purchase annuity, the amount of the annuity is determined by multiplying the participant’s final average earnings by the participant’s years of creditable service and by a percentage multiplier. For a protective occupation participant, the multiplier is either 2 percent or 2.5 percent, depending on whether the person is covered by social security. For elected officials and executive participating employees, the multiplier is 2 percent. For all other participants in the WRS, the multiplier is 1.6 percent. This bill decreases the multiplier for elected officials and executive participating employees from 2 percent to 1.6 percent for creditable service that is performed on or after the bill’s effective date.

Under current law, state employees become participating employees in the WRS if they are expected to work at least one-third of what is considered full-time employment by the Department of Employee Trust Funds (DETF) and have an expected duration of employment of one year or more. If a state employee becomes a WRS participating employee, the employee is also entitled to receive health insurance under the Group Insurance Board (GIB) program. A current group of state employees are appointed to state positions as limited term appointments in the state civil service, which are provisional appointments or appointments for less than 1,044 hours per year. This bill prohibits limited term appointments from participating in the WRS, as well as prohibits these employees from receiving health insurance under the GIB program.

This bill also requires the secretary of administration, the director of the Office of State Employee Relations (OSER), and the secretary of employee trust funds to study the WRS. The study must specifically address establishing a defined contribution plan as an option for WRS participating employees; establishing different vesting periods for employer contributions and eligibility for WRS retirement benefits; modifying the supplemental health insurance premium credit program for state employees; and permitting participating employees to not make employee required contributions under the WRS and limiting retirement benefits for these employees to a money purchase annuity. Under the bill, no later than June 30, 2012, the secretary of administration, the director of OSER, and the secretary of employee trust funds must report their findings and recommendations to the governor.

**PUBLIC SECTOR GROUP INSURANCE**

Currently, state employees, as well as employees of public authorities created by the state, receive health care coverage under plans offered by GIB, which plans are assigned to one of three tiers depending on the employee’s premium costs. The employer share of premium costs for employees who work more than 1,565 hours a year is an amount not less than 80 percent of the average premium costs under the various health care coverage plans. The amount for represented employees is subject to collective bargaining and the amount for nonrepresented employees is established in various compensation plans.

This bill provides that the employer may not pay more than 88 percent of the average premium cost of plans offered in the tier with the lowest employee premium
cost. For employees who work less than 1,566 hours a year, with exceptions, the employer must pay an amount determined by the director of OSER. Under the bill, the actual employer and employee share of premium costs is established on an annual basis by the director of OSER.

For the remainder of 2011, however, beginning in April 2011, the bill provides that state employees, as well as employees of public authorities created by the state, who work more than 1,565 hours a year shall pay $84 a month for individual coverage and $208 a month for family coverage for health care coverage under any plan offered in the tier with the lowest employee premium cost; $122 a month for individual coverage and $307 a month for family coverage for health care coverage under any plan offered in the tier with the next lowest employee premium cost; and $226 a month for individual coverage and $567 a month for family coverage for health care coverage under any plan offered in the tier with the highest employee premium cost. UW System graduate assistants and teaching assistants must pay half of these amounts. Employees who work less than 1,566 hours a year are required to pay the same amount for health care coverage during 2011 that they were required to pay before the bill’s effective date.

The bill further provides that a local government employer who participates in the local government health insurance plan offered by GIB may not participate in the plan if it intends to pay more than 88 percent of the average premium cost of plans offered in any tier with the lowest employee premium cost.

This bill requires the director of OSER and the secretary of employee trust funds to study the feasibility of offering to employees eligible to receive health care coverage under the GIB plans, beginning on January 1, 2013, the option of receiving health care coverage through either a low-cost health care coverage plan or through a high-deductible health plan and the establishment of a health savings account, as described under federal law. The study must also examine the feasibility of requiring state employees to receive health care coverage through a health benefits exchange established pursuant to the federal law and creating a health care insurance purchasing pool for all public employees and individuals receiving health care coverage under the Medical Assistance program. No later than June 30, 2012, the director and secretary shall report their findings and recommendations to the governor.

Current law also provides that GIB may not enter into agreements to modify or expand group insurance coverage in a manner that conflicts with applicable statutes, or DETF rules, or that materially affects the level of premiums required to be paid by the state or its employees or the level of benefits provided under any group insurance coverage. This bill provides that this restriction does not prevent GIB from encouraging participation in wellness or disease management programs under any of its group insurance coverage plans. In addition, the bill provides that this prohibition does not apply to GIB agreements relating to group insurance coverage for the 2012 and 2013 calendar years.

This bill requires GIB to design health care coverage plans for the 2012 calendar year that, after adjusting for any inflationary increase in health benefit costs, reduces the average premium cost of plans offered in the tier with the lowest
employee premium cost by at least 5 percent from the cost of such plans offered
during the 2011 calendar year. GIB must include copayments in the health care
coverage plans for the 2012 calendar year and may require health risk assessments
for state employees and participation in wellness or disease management programs.

This bill requires the secretary of employee trust funds to allocate $28,000,000,
from reserve accounts established in the public employee trust fund for group health
and pharmacy benefits for state employees, to reduce employer costs for providing
group health insurance for state employees for the period beginning on July 1, 2011,
and ending on December 31, 2011.

Current law permits GIB to contract with the Department of Health Services
(DHS) and other public or private entities for data collection and analysis services
related to health maintenance organizations and insurance companies that provide
health insurance to state employees. This bill permits GIB to contract for any other
consulting services related to plans it offers.

Currently, the attorney general, or his or her designee, serves on GIB. This bill
requires that the attorney general designee on GIB must be an attorney.

This bill provides that if DETF determines that an audit of its employee benefit
programs is necessary during the 2011-12 fiscal year, for the purpose of verifying the
eligibility of dependents covered under the programs, DETF must submit a written
request to the secretary of administration to expend an amount not exceeding
$700,000 to conduct the audit.

STATE GOVERNMENT
STATE CIVIL SERVICE SYSTEM

Under current law, the governor may declare a state of emergency if he or she
determines that an emergency exists resulting from a disaster or the imminent
threat of a disaster. This bill authorizes a state agency to discharge any state
employee who fails to report to work as scheduled for any three unexcused working
days during a state of emergency or who participates in a strike, work stoppage,
sit-down, stay-in, slowdown, or other concerted activities to interrupt the operations or services of state government, including specifically purported mass resignations or sick calls. Under the bill, engaging in any of these actions constitutes just cause for discharge.

Currently, the director of OSER has promulgated rules to establish a career
executive program. The program provides state agencies with highly qualified
executive candidates, provides outstanding administrative employees a broad
opportunity for career advancement, and provides for the mobility of such employees
among state agencies for the most advantageous use of their managerial and
administrative skills. Under current administrative rules, an appointing authority
may reassign a career executive employee from one career executive position to
another career executive position within the same state agency. This bill permits an
appointing authority to reassign an employee in a career executive position to a
career executive position in any state agency if the appointing authority in the state
agency to which the employee is to be reassigned approves of the reassignment.

This bill increases the number of unclassified division administrators by 35
FTE positions, decreases 36 FTE positions in executive branch agencies, which
positions are to be determined by the secretary of administration, expands the
definition of “division administrator” to include other managerial positions, and
permits the director of OSER to appoint either a deputy director or an executive
assistant in the unclassified service.

STATE FINANCE

This bill increases the amount of state public debt that may be contracted to
refund any unpaid indebtedness used to finance tax−supported or self−amortizing
facilities from $309,000,000 to $474,000,000. Such refunded debt must be contracted
before July 1, 2011.

This bill reduces executive branch agency lapses and transfers to the general
fund for the 2009−11 fiscal biennium that were required under 2007 Wisconsin Act
20 from $200,000,000 to $121,000,000, as well as reduces the expenditure authority
of the Joint Committee on Finance (JCF) during the 2010−11 fiscal year by
$4,590,400 from its general purpose revenue supplemental appropriation.

This bill requires the secretary of administration, before July 1, 2011, to lapse
to the general fund, from executive branch appropriations, an amount equal to
$27,891,400; requires the cochairpersons of the Joint Committee on Legislative
Organization to lapse to the general fund, from appropriations to the legislature, an
amount equal to $717,700; requires the governor to lapse to the general fund, from
appropriations to the office of the governor, an amount equal to $37,500; and requires
the chief justice of the supreme court to lapse to the general fund, from
appropriations to the judicial branch, an amount equal to $1,153,400. The lapses
seek to capture employer savings resulting from increases in state employee
payments for health insurance and retirement contributions.

OTHER STATE GOVERNMENT

Currently, this state owns and operates numerous heating, cooling, and power
plants that were constructed by the state to provide heating, cooling, and power to
state facilities. The Department of Administration (DOA) determines the method of
operation of these plants and may delegate this authority to any other state agency
that has managing authority for a plant. This bill permits DOA to sell or contract
for the operation of any such plant. The bill exempts such sales and contracts from
the requirement for approval of the Public Service Commission (PSC) that may
otherwise apply under current law. The bill provides that the net proceeds of any
sale, after retirement of any outstanding state debt and any necessary repayment of
federal financial assistance, is deposited in the budget stabilization fund. The bill
also allows DOA, at any time, to petition the PSC to regulate as a public utility any
person who purchases or contracts for the operation of any plant under the bill.
Under current law, the PSC has regulatory authority over public utilities, including
the authority to set rates for utility service.

HEALTH AND HUMAN SERVICES

MEDICAL ASSISTANCE

Under current law, DHS administers the Medical Assistance (MA) program,
which is a joint federal and state program that provides health services to
individuals who have limited resources. Some services are provided through
programs that operate under a waiver of federal laws related to medical assistance (MA waiver programs). This bill requires DHS to study potential changes to the MA state plan and to waivers of federal law relating to medical assistance for certain purposes, including increasing the cost effectiveness and efficiency of care for the MA program and MA waiver programs and improving the health status of individuals who receive benefits under the MA program or an MA waiver program. If DHS determines, as a result of the study, that revision of existing statutes or rules would be necessary to advance any of the purposes for which the study was conducted, DHS may promulgate rules to implement certain changes, including making certain requirements, modifying benefits, revising provider reimbursement models, developing standards and methodologies for eligibility, and reducing income levels for purposes of determining eligibility. Before promulgating a rule, DHS must submit the proposed rule and any plan developed as a result of the study to JCF for review. DHS must submit an amendment to the state MA plan or request a waiver of federal laws related to medical assistance, if necessary, to the extent necessary to implement any proposal. If the federal Department of Health and Human Services does not allow the amendment or does not grant the waiver, DHS may not put the rule into effect or implement the proposal. To reduce the eligibility income levels to a certain amount, DHS must request a waiver from the secretary of the federal Department of Health and Human Services to permit DHS to have in effect eligibility standards, methodologies, and procedures that are more restrictive than those in place on March 23, 2010. If DHS does not receive approval for the waiver, DHS must reduce the eligibility income levels for MA programs and MA waiver programs to 133 percent of the federal poverty line for adults who are not pregnant and not disabled, as allowed under federal law. DHS may promulgate the rules as emergency rules.

OTHER HEALTH AND HUMAN SERVICES

This bill eliminates the UW Hospitals and Clinics Board, a state agency assigned the single duty to enter into a contractual services agreement with the UW Hospitals and Clinics Authority to provide the services of state employees who are in clerical, blue collar and nonbuilding trades, building trades crafts, security and public safety, and technical collective bargaining units. The bill also transfers all employees of the UW Hospitals and Clinics Board to the UW Hospitals and Clinics Authority.

PUBLIC ASSISTANCE

Reflecting the receipt of emergency contingency funds under the Temporary Assistance for Needy Families (TANF) block grant program, this bill increases by $37,000,000 the amount of TANF moneys allocated for the earned income tax credit.

This bill will be referred to the Joint Survey Committee on Retirement Systems for a detailed analysis, which will be printed as an appendix to this bill.
For further information see the *state and local* fiscal estimate, which will be printed as an appendix to this bill.

Notwithstanding ss. 196.49 and 196.80, no approval or certification of the public service commission is necessary for a public utility to purchase, or contract for the operation of, such a plant, and any such purchase is considered to be in the public interest and to comply with the criteria for certification of a project under s. 196.49 (3) (b).

that plant is owned or operated by a private entity. The secretary may then require
the use of the amounts of any disapproved expenditure estimates for the purpose of
purchase of contractual services relating to heating, cooling, or power for state
facilities or payment of the costs of purchasing heating, cooling, or power for the state
agencies or facilities for which the amounts were appropriated.

positions for that state agency by the number of positions so identified effective on
the date that the state agency no longer has operating authority for the plant.

(d) Notwithstanding ss. 20.001 (3) (a) to (c), the secretary may lapse or transfer
to the general fund from the unencumbered balances of general purpose revenue and
program revenue appropriations to any state agency, other than sum sufficient
appropriations and appropriations of federal revenues, any amount appropriated to
a state agency that is determined by the secretary to be allocated for the purpose of
management or operation of a plant that is sold or the operation of which is
contracted under sub. (1) effective on the date that the state agency to which the
moneys are appropriated no longer has operating authority for the plant.

(e) The secretary shall notify the cochairpersons of the joint committee on
finance of any action taken by the secretary under this subsection.

The commission may exclude from the ballot one who, at the time of the election, stands deprived of his or her rights under this subchapter by reason of a prior adjudication of his or her having engaged in an unfair labor practice. The commission shall certify any representative that receives at least 51 percent of the votes of all of the general employees in the collective bargaining unit. If no representative receives at least 51 percent of the votes of all of the general employees in the collective bargaining unit, at the expiration of the collective bargaining agreement, the commission shall decertify the current representative and the general employees shall be nonrepresented. Notwithstanding s. 111.82, if a representative is decertified under this paragraph, the affected general employees may not be included in a substantially similar collective bargaining unit for 12 months from the date of decertification. 111.84 (1) (b) Except as otherwise provided in this paragraph, to initiate, create, dominate or interfere with the formation or administration of any labor or employee organization or contribute financial support to it. Except as provided in ss. 40.02 (22) (e) and 40.23 (1) (f) 4., no change in any law affecting the Wisconsin retirement system under ch. 40 and no action by the employer that is authorized by such a law constitutes a violation of this paragraph unless an applicable collective bargaining agreement covering a collective bargaining unit under s. 111.825 (1) (g) specifically prohibits the change or action. No such change or action affects the continuing duty to bargain collectively with a collective bargaining unit under s. 111.825 (1) (g) regarding the Wisconsin retirement system under ch. 40 to the extent required by s. 111.91 (1). It is not an unfair labor practice for the employer to reimburse an employee at his or her prevailing wage rate for the time spent during the employee’s regularly scheduled hours conferring with the employer’s officers or agents and for attendance at commission or court hearings necessary for the administration of this subchapter. Professional supervisory or craft personnel may maintain membership in professional or craft organizations; however, as members

good faith doubt as to whether a labor organization claiming the support of a majority
of its employees in appropriate collective bargaining unit does in fact have that
support, it may file with the commission a petition requesting an election as to that
claim. It is not deemed to have refused to bargain until an election has been held and
the results thereof certified to it by the commission. A violation of this paragraph
includes, but is not limited to, the refusal to execute a collective bargaining
agreement previously orally agreed upon.

**SECTION 273.** 111.84 (1) (f) of the statutes is amended to read:

111.84 (1) (f) To deduct labor organization dues from an employee’s the
earnings of a public safety employee, unless the employer has been presented with
an individual order therefor, signed by the public safety employee personally, and
terminable by at least the end of any year of its life or earlier by the public safety
employee giving at least 30 but not more than 120 days’ written notice of such
termination to the employer and to the representative labor organization, except if
there is a fair-share or maintenance of membership agreement in effect. The
employer shall give notice to the labor organization of receipt of such notice of
termination.

**SECTION 274.** 111.84 (2) (c) of the statutes is amended to read:
111.84 (2) (c) To refuse to bargain collectively on matters set forth in s. 111.91 (1) or (3), whichever is appropriate, with the duly authorized officer or agent of the employer which is the recognized or certified exclusive collective bargaining representative of employees specified in s. 111.81 (7) (a) in an appropriate collective bargaining unit or with the certified exclusive collective bargaining representative of employees specified in s. 111.81 (7) (b) to (g) in an appropriate collective bargaining unit. Such refusal to bargain shall include, but not be limited to, the refusal to execute a collective bargaining agreement previously orally agreed upon.

SECTION 275. 111.84 (3) of the statutes is amended to read:

111.84 (3) It is an unfair labor practice for any person to do or cause to be done on behalf of or in the interest of employers or employees, or in connection with or to influence the outcome of any controversy as to employment relations, any act prohibited by sub. (1) and (2).

SECTION 276. 111.845 of the statutes is created to read:

111.845 Wage deduction prohibition. The employer may not deduct labor organization dues from a general employee’s earnings.

SECTION 277. 111.85 (1), (2) and (4) of the statutes are amended to read:

111.85 (1) (a) No fair-share or maintenance of membership agreement covering public safety employees may become effective unless authorized by a referendum. The commission shall order a referendum whenever it receives a petition supported by proof that at least 30% of the public safety employees or supervisors specified in s. 111.825 (5) in a collective bargaining unit desire that a fair-share or maintenance of membership agreement be entered into between the employer and a labor organization. A petition may specify that a referendum is
requested on a maintenance of membership agreement only, in which case the ballot shall be limited to that question.

(b) For a fair-share agreement to be authorized, at least two-thirds of the eligible *public safety* employees or supervisors voting in a referendum shall vote in favor of the agreement. For a maintenance of membership agreement to be authorized, at least a majority of the eligible *public safety* employees or supervisors voting in a referendum shall vote in favor of the agreement. In a referendum on a fair-share agreement, if less than two-thirds but more than one-half of the eligible *public safety* employees or supervisors vote in favor of the agreement, a maintenance of membership agreement is authorized.

(c) If a fair-share or maintenance of membership agreement is authorized in a referendum, the employer shall enter into such an agreement with the labor organization named on the ballot in the referendum. Each fair-share or maintenance of membership agreement shall contain a provision requiring the employer to deduct the amount of dues as certified by the labor organization from the earnings of the *public safety* employees or supervisors affected by the agreement and to pay the amount so deducted to the labor organization. Unless the parties agree to an earlier date, the agreement shall take effect 60 days after certification by the commission that the referendum vote authorized the agreement. The employer shall be held harmless against any claims, demands, suits and other forms of liability made by *public safety* employees or supervisors or local labor organizations which may arise for actions taken by the employer in compliance with this section. All such lawful claims, demands, suits and other forms of liability are the responsibility of the labor organization entering into the agreement.
(d) Under each fair-share or maintenance of membership agreement, a public safety employee or supervisor who has religious convictions against dues payments to a labor organization based on teachings or tenets of a church or religious body of which he or she is a member shall, on request to the labor organization, have his or her dues paid to a charity mutually agreed upon by the public safety employee or supervisor and the labor organization. Any dispute concerning this paragraph may be submitted to the commission for adjudication.

(2) (a) Once authorized, a fair-share or maintenance of membership agreement covering public safety employees shall continue in effect, subject to the right of the employer or labor organization concerned to petition the commission to conduct a new referendum. Such petition must be supported by proof that at least 30% of the public safety employees or supervisors in the collective bargaining unit desire that the fair-share or maintenance of membership agreement be discontinued. Upon so finding, the commission shall conduct a new referendum. If the continuance of the fair-share or maintenance of membership agreement is approved in the referendum by at least the percentage of eligible voting public safety employees or supervisors required for its initial authorization, it shall be continued in effect, subject to the right of the employer or labor organization to later initiate a further vote following the procedure prescribed in this subsection. If the continuation of the agreement is not supported in any referendum, it is deemed terminated at the termination of the collective bargaining agreement, or one year from the date of the certification of the result of the referendum, whichever is earlier.

(b) The commission shall declare any fair-share or maintenance of membership agreement suspended upon such conditions and for such time as the commission decides whenever it finds that the labor organization involved has
refused on the basis of race, color, sexual orientation or creed to receive as a member any public safety employee or supervisor in the collective bargaining unit involved, and the agreement shall be made subject to the findings and orders of the commission. Any of the parties to the agreement, or any public safety employee or supervisor covered thereby, may come before the commission, as provided in s. 111.07, and petition the commission to make such a finding.

(4) The commission may, under rules adopted for that purpose, appoint as its agent an official of a state agency whose public safety employees are entitled to vote in a referendum to conduct a referendum provided for herein.
